

The Steam Exchange Brewery Winter Newsletter 2008

Australian International Beer Awards

Once again the boys headed across to Melbourne for the Australian International Beer Awards in Melbourne where a great variety of beers from around Australia and the world were awarded for excellence and later sampled. It is a tough job at times – but Simon and Gareth were happy to volunteer to represent the team here. The Steam Ale gained a bronze award in the American Pale Ale category in this year's results. Well-done boys!

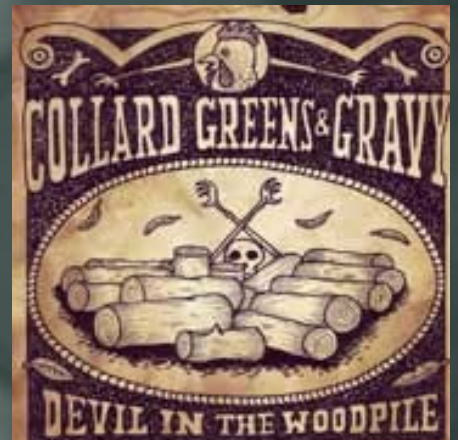

Winter blues...with the greens!

Collard Greens and Gravy have gained reputation as one of Australia's premier blues acts. Their unique sound of 'stripped down swamp blues' have seen the band achieve a range of awards including:

- ❑ ARIA award for best blues and roots CD in 2001,
- ❑ Local Blues Performer of the year - a competition held by the Melbourne Blues Society and
- ❑ International recognition at the International Blues Challenge in Memphis, Tennessee where they represented Australia along with 50 other countries.

The band's album and stage success have seen extensive touring nationally and their return to tour the US twice, playing venues from New Orleans to New York.

While currently on tour and playing in Adelaide venues the band have also scheduled an evening performance at the Brewery on Saturday June 28 from 7:30 pm. This is a great chance to enjoy a wonderful night of Winter blues!
